Gouge Chip Carving Pamphlet (\$15)

This tutorial pamphlet consists of 24 pages devoted to the basics of gouge chip carving: tutorials for pinwheels, flowers, snowflakes, and vines; general design pictures and lettering set; and wood preparation and accenting instructions. The remaining 7 pages contain diamond, hexagon and circle patterns (5 pages) and gouge chip certification and certification criteria (2 pages).

Gouge Chip Carving Basics VCR Tape (or avi disk) (\$15)

Covers all aspects of Gouge Chip Carving techniques and methods. The recommended use is to watch the complete tape file (59 min) as an orientation. Then complete the pamphlet tutorials (flowers, diamonds, snowflakes, vines). After each tutorial is completed (e.g. flowers), watch that part of the tape file again. The tape file effectively substitutes for in class instruction. A avi file on a DVD disk is also available. A DVD is not available

Gouge Chip Carving Design Pamphlet - 2005 (\$25)

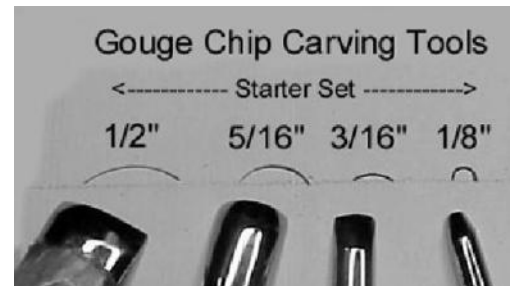

The purpose of Design Pamphlet 2005 (38 design pages) is to present design (97) examples, which can be used as presented or modified to suit the purposes of the readers. Subject are snowflakes (40), bookmarks (24), corners (20), lids (6) and crosses (7). The intent is that these design examples will spark the imagination of the reader. All designs were created by Russ Hewitt.

Gouge Chip Carving Design Pamphlet - 2006 (\$30)

The purpose of Design Pamphlet 2006 (48 design pages) is to present design (234) examples, which can be used as presented or modified to suit the purposes of the readers. Subjects are snowflakes/coasters (136), bookmarks (25), boxes (12), box tops/sides (39), trivets/plates (6), frames (2), letter set (1) and misc (13). The intent is that these design examples will spark the imagination of the reader. The contributors were gouge chip carvers in Missouri, Arizona, and Arkansas and California.

Gouge Chip Carving Set (\$90) & Mallet (\$15)

The tool set consists of four gouges. The widths are approximately 1/2", 5/16", 3/16" and 1/8". The tool set contains the correct diamond pattern paper for the 1/2" and 5/16" tools and the hexagon pattern paper for the 3/16" tool. These pattern papers can be reproduced for your use.
